

## **Trintech Announces New Version of AssureNET GL for General Ledger Reconciliation, Review and Certification**

*AssureNET GL 4.0 to Enhance User Experience with Operational Dashboard,  
Mitigate Risk, and Strengthen Internal Controls to Support Compliance*

Dallas, TX / Dublin, Ireland – 12 May 2008 – Trintech Group Plc (NASDAQ: TTPA), a leading global provider of integrated financial governance, transaction risk management, and compliance solutions, today announced enhancements to its AssureNET GL accounting compliance application for general ledger reconciliation, review and certification.

AssureNET GL 4.0 delivers a new level of product usability. AssureNET GL 4.0 enhancements include the addition of an operational dashboard with comprehensive drill down capabilities, design modifications that enhance the user experience, context-based help files, support for SQL 2005, and enhanced integration with other Trintech products. AssureNET GL 4.0 demonstrates Trintech's commitment to providing functionally rich, flexible, user-friendly solutions that are critical to gaining end-user adoption.

AssureNET GL is used by some of the world's most well known companies, including Accenture, ConAgra, Rohm and Haas, Brady Corporation, JohnsonDiversey, and AMC Theatres to streamline business workflow while enforcing an internal control structure. AssureNET GL can reduce the cost and effort involved in compliance administration, reduce audit fees, and help companies proactively identify current and potential compliance issues.

"Customers demand improved insight into transaction processes, easier access to data, and more timely results," said John Harte, EVP and General Manager for Trintech. "With the release of AssureNET GL 4.0, we provide an even easier to use, secure, account reconciliation solution that drives operational efficiency on a single platform."
